Dear Sirs:

Due to a technical breakdown in our high-tension line we were unable to broadcast the Old Gold Campus News program for November 30th. However, the equipment will be repaired by tomorrow and we will be able to continue with the campaign as usual. If it is agreeable with you we would like to make this program up December 16th using the usual programming of broadcasts before and after.

The studio and staff are sorry to cause you this inconvenience. This is the first breakdown we have had since resuming broadcasting activity in 1942. We trust that it will not happen again in the near future.

I have wired Mr. Bloch and he will call you in order to make further arraingements for continuation of the campaign in December.

Very truly yours,

Addison R. Taylor
Business Manager
